All the above articles are to be fully equal in the quality of material, pattern, and workmanship to the eamples which are deposited at the aforesaid navy yards; and the materials of which the several garments are composed are to be considered as samples for the clothing materials required to be delivered, and will be offered for by the yard. RUSHS LEGACY, the best and cheapest medicine ever known—twelve and a half cents a box.—Among the remedies suited to all seasons of the year, there are none which have attained a higher reputation, or which can be more confidently recommended to invalids of both sexes, than the celebrated

HEALTH PILLS OF DR. RUSH.

HEALTH PILLS OF DR. RUSH.

They are mild in their operation, never griping or giving the least pain, and yet so efficacious, in consequence of the happy combination of medicinal agents, that they are enabled to carry off all the vitated and irritating secretions from the alimentary canal, and remove any inflammation or organic changes which may have been induced, equalize the toriculation, restore a healthy action to all the excretory organs, and promote a more vigorous performance of the organic functions.

Dr. Rush's Infallible Health Pills have received a flattering approval of many distinguished members of the medical profession, and have stood the test of public opinion for over half a century. They are a sovereign remedy for dispepsia or indigestion and all bilious complaints, erysipelas, and all cutaneous eruptions or diseases of the skin; piles, nausea, dizzinesa, pleurisy, salt rheum, scald head, palpitation of the heart, inflammation of the bowels, liver, kidneys, &c., asthma, pains in the side or heart, scrofula. They may be administered with the most perfect safety to small children, being utterly free from any deleterious substances.

The great reduction in price has been made by the proprietor in consequence of an improvement in the machinery by which they are manufactured, and

deleterious substances.

The great reduction in price has been made by the proprietor in consequence of an improvement in the machinery by which they are manufactured, and by which the pills are produced in a purer, better, and more effective state. The reduction was also required to suit the present times, as well as the means of a large portion of the population, who can not afford to waste money upon "doctor's stuff," but want a good, genuine medicine, speedy and cer tain in its effects, and one which will not keep them at home, but allow them to go about their business as usual. The proprietor, grateful for the immense success which has attended this invaluable remedy—the inestimable legacy of the greatest physician this country ever produced—testifies his gratitude by this step, which, though it may diminish his profits, will largely increase his means of imparting blessings to the public—his chief object, from the first, in offering these pills for sale.

Two or three doese will convince the afflicted of their salutary effects. The stomach will speedily regain its strength; a healthy action of the liver, bowels, and kidaeys, will rapidly take place; and, instead of listlessness, heat, pains, and jaundiced appearance, strength, activity, and renewed health, extending to a good old age, will be the result of taking this medicine, according to the directions secompanying each box. Try them once, and you will use no other.

Remember, these pills are only 12½ cents a box. It is Sold at the principal office, 30 Ann street, New York, wholesale and retail, by G. H. Daggers, General Agent for the United States, and by the subscriber, at the Agency, Notarial, and Conveyancing office, E street, four doors east of the Globe office.
